What We Do

Who We Serve

Open Arms prepares and delivers medically tailored meals to individuals impacted by illnesses such as **HIV/AIDS, Cancer, ALS, MS, ESRD, CHF, and COPD**. All our services are provided at no cost to our clients.

Medically Tailored Meals

Our registered dietitians and trained chefs develop delicious, made-from-scratch meals tailored to specific illnesses. Our nutrition team helps clients choose from one of our menus, with options to modify based on needs.

Convenient Home Deliveries

With help from our volunteer drivers, we deliver a week's worth of meals at a time, allowing clients to focus on healing and spending more time with their loved ones.

Nutrition Services

Our registered dietitians and dietetic technicians are always available for our clients. They provide each client with a nutritional assessment and free nutrition counseling and education.

Healthy Ingredients

We use fresh, local, and organic ingredients whenever possible—most of it prepared in-house and some of it grown ourselves at one of our five Open Farms locations.

Care For Client and Loved Ones

Meals are delivered not only to our clients, but also to their dependent children and caregivers. Income is not a qualifier for our services, and we operate on models of abundance, community and social responsibility.

A Community of Kindness & Love

Everything we do relies on our incredible community of supporters and volunteers, who help ensure our meals are always prepared and delivered with love.

Open Arms offers a wide range of options to enhance your community impact. We look forward to creating a partnership that matches your needs.
